What is EJU ? — The Examination for Japanese University Admission for International

Students (EJU) is used to evaluate whether international students who wish to study at the undergraduate level at universities or other such higher educational institutions in Japan possess the Japanese language skills and the basic academic abilities needed to study at those institutions. (The EJU score may also be required for graduate school, for example, graduate school of business administration, Meiji University.)

<http://www.iasso.go.jp/eju/>

Due to the difficulties of every EJU tests, it will be appropriate to examined students' ability by the level instead of the scores. Therefore, from year 2011, the statistics is used to adjust the scores.
